

# ENVIRO H6 GENERAL ALL PURPOSE SANITISER

#### **USE**

Concentrated unperfumed multi-purpose cleaner and disinfectant.

#### **DESCRIPTION**

Highly concentrated formulation for cleaning and disinfecting all washable hard surfaces. For use in health care establishments, nursing homes, offices, schools and wherever hygiene is of the utmost importance.

#### **FEATURES & BENEFITS**

- For daily and general cleaning
- Kills bacteria and enveloped viruses
- Passes EN 1276 under dirty conditions at a dilution rate of 1:60 with a 30 second contact time
- Passes EN 16615 [adapted for commercial kitchens] under dirty conditions at a dilution rate of 1:60 with a 30 second contact time
- Low dosage, very economical in use
- Passes EN 16777 contact time and kills enveloped viruses e.g., Coronaviruses at a dilution rate of 1:60 with a 1-minute contact time.

#### **HOW TO USE**

<u>To kill bacteria</u>: Add 1 x 10ml from dosing cap to 600ml cold water in a trigger spray bottle (1:60). Gently shake to mix. Spray surface, leave for a 30 second contact time, then wipe with a single use cloth.

If using a bucket, add 1  $\times$  10ml from dosing cap to 1 litre warm water (1:100). Apply to surface with a clean cloth or mop and allow to air dry.

<u>To kill enveloped viruses e.g. Coronavirus</u>: Clean surface before disinfection. Add 1 x 10ml from dosing cap to 600ml water in a trigger spray bottle (1:60). Gently shake to mix. Spray surface, leave for 1 minute contact time, then wipe with a single use cloth.

If using a bucket, add  $2 \times 10$ ml dose per 1L warm water in a bucket. Apply to surface with a clean cloth or mop and allow to air dry. For small areas spray onto cloth and wipe surface and allow to air dry.

#### **TYPICAL PRODUCT DATA**

**PACKAGING** 

Appearance: Liquid

BB457-1

4 x 1 Ltr

## **BB457-1**

## Specification Sheet

Colour: Clear. Purple.
Odour: Unperfumed

pH – undiluted: 13.30

Shelf Life Unopened: Not less than 3 years

### **BIODEGRADABILITY**

All surfactants used in this product comply with the current European Regulations concerning biodegradability and protection of the environment.
