

GLASS RENOVATOR

USE

Liquid detergent for glass washing machines

DESCRIPTION

Low foaming detergent formulated to remove protein deposits, beer residue & bloom from drinking glasses. The process also has the advantage of sanitising the glasswash machine in the same cleaning operation.

FEATURES & BENEFITS

- The specialised blend of ingredients will restore glassware to a clean & satisfactory condition
- Has the advantage of sanitising the glassware machine in the same operation

HOW TO USE

Exchange the current glasswash detergent for Jangro Glass Renovator & operate through the electronic dispenser at a ratio of 1-3ml per litre. Proceed to clean the glassware in the normal manner. Return to Jangro Glasswash Detergent when all glassware is renovated. It is advisable to renovate glassware on a monthly basis & is best used at a busy period i.e. weekends, to ensure the product is completely pumped through the tubing to allow the majority of the glassware to be treated. For best results use in conjunction with Jangro Glasswashing Products. NOT TO BE USED FOR WASHING GLASSES BY HAND
