Specification Sheet

TOILET CLEANER & DESCALER SACHETS

USE

Toilet cleaner and descaler for toilets and urinals.

DESCRIPTION

A scented sulphamic acid based toilet cleaner and descaler with thixotropic properties that rapidly removes limescale and general soiling from toilets and urinals.

Its viscous formula clings to vertical surfaces, allowing longer contact time for more effective cleaning.

FEATURES & BENEFITS

- 1 sachet = 1 litre of cleaning solution
- Sachets contain correct dose
- Prevents limescale from building up
- Suitable for use on stainless steel, porcelain, chrome and ceramic

HOW TO USE

For use with empty 1 litre bottle, code CE401.

Fill the bottle with 1 litre of water, do not overfill. Add one sachet with dry hands. Replace cap. Shake bottle, solution is ready to use.

Squirt the solution evenly above the water line and around the rim. Leave to work for a few minutes. Agitate with brush then flush.

Do not handle sachets with wet hands, gloves should be worn. Do not mix with any cleaning chemicals.
