

SANITISING POWDER

USE

Powdered Chlorine based hard surface cleaner.

DESCRIPTION

A free flowing powder which cleans, sanitises and destains a wide range of kitchen surfaces and utensils.

FEATURES & BENEFITS

- Removes stubborn stains
- Non-tainting
- Safe to use on most kitchen surfaces

HOW TO USE

Worktops: For worktop cleaning of tables and sinks, sprinkle the product over the surface and wipe over with a clean, damp cloth.

Chopping Boards: Sprinkle onto surface, scrub well, then leave for 5 minutes before rinsing with fresh water.

Crockery & Utensils: Fill a sink with warm water and dilute product at 60g per 5 litres. Immerse items for 5 minutes, then rinse thoroughly and allow to air dry,

DO NOT USE ON ALUMINIUM
